Date: Monday, February 12th at 12 pm PST/3 pm EST

Topic: Continued planning for 2018 ASM

This VWC will be continued planning for the 2018 ASM and associated one-day IMC meeting. A small group of participants began discussion on this topic in December and their notes are posted on the IMC website (<http://im.lternet.edu/vwc-dec2017> [1]). The sorts of things they discussed were workflows, vocabularies, taxonomies, standardization, etc. We would like to continue this brainstorming on topics relevant to our meeting and our community.
