LTER Controlled Vocabulary - July 11 & 12, 2011

Thu, 07/07/2011 - 2:22pm — jporter

Substantial progress has been made since the last IM meeting on the Controlled Vocabulary. Attached is a draft “Best Practices” document for adding keywords to LTER metadata for examination before the call and a Powerpoint presentation that will be used during the call. Finally, I’ve attached a text file containing the current controlled vocabulary in hierarchical form.

Additionally, you may want to try experimenting with the following links:

Main VOCAB Database page with Metacat searching capabilities:

A sample web form with keyword-based autocomplete:
