GIS Working Group VTC - Aug 11 & 12, 2008

Wed, 08/13/2008 - 4:30pm — tvalentine

The GIS Working Group held a VTC August 11 and 12th, 2008. The meeting was well attended, and included the following highlights:

Barrie Collins from Coweeta shared the progress on their GIS Server.

The group decided to request two working group sessions for the upcoming 2008 IM Meeting.

There was lively discussion on several topics such as current development in open source standards, ESRI product development, and tools for converting ESRI & FGDC metadata [1] to EML and EML to Google Earth [2] (KML format).

All LTER IM's and staff are encouraged to add content/comments to the forums under GIS Data.

The meeting notes are attached.
