Feb 6/7th 2012 – Update on EML Metrics - prep for March workshop

Mon, 01/30/2012 - 12:21pm — sbohm

Doodle http://www.doodle.com/cfd5kzx53kd8vbty [1]

Purpose:
1. Present anticipated design and priorities for the list of data package checks.
2. Solicit feedback, particularly on potential impacts for EML-generating systems.

Material:
1. PPT with outline for today:
https://docs.google.com/present/edit?id=0AVHbE-d-kTrsZGM1NmQ0Zm1fMTA3ZjJ...
[2]

2. Demo of proposed site-list of data packages:
Level of data availability in this display depends on sites following best-practice.
"Shorten the path between the user and data - an LTER Data Portal revision."
Data Portal prototype revision summary: http://goo.gl/VJYRD [3]
[The link to the demo will be posted here during the VTC.] http://granite.
