***** Virtual Updates Schedule *****

Thu, 05/23/2019 - 12:21pm — sremillard

Virtual update sessions (LTER IMC Virtual Water Cooler) are held on a regular basis by video tele-conferencing (VTC). These sessions have been successful in disseminating knowledge and facilitate a more focused annual meeting. They encourage discussion and collaboration among site IMs. The main focus has been to move the network wide projects forward (i.e., working groups). Notes from these sessions are available online: http://im.lternet.edu/home/meetings/virtualupdates [1].

The current schedule is the second Monday of the month from 3pm - 4pm Eastern. (Monday 12pm-1pm Pacific.).
